Our Vision:

Art in the Libraries develops exhibits and related programming in the Downtown Campus Library, Evansdale Library, and Health Sciences Library highlighting the creative endeavors and scholarship of WVU faculty, staff, and students, reaching across the University, the region, and the broader academic community. Art in the Libraries promotes discovery, innovation, and sustainability; models diversity and inclusion; and demonstrates how art, libraries and scholars encourage the community to explore, reflect, and discuss what they encounter in the WVU Libraries.
